28	55 boxcars	prefabricated houses	undetermined	[REDACTED]
29	56 "	empty grain shuttle	Berlin- Rummelsburg (5)	

[REDACTED] Comments.

- (1) Uranium ore deliveries to the U.S.S.R. Two shipments observed on 15 and 16 February 1952 have the same shipment record number, however, with different prefix letters. As the information was furnished by one source, it is not believed that the two shipments are identical.
- (2) The [REDACTED] mentioned were previously known and do not furnish any new information.
- (3) Raw material deliveries for the Eisenhuettenkombinat Ost near Fuerstenberg/Oder, which is served by the Ziltendorf railroad station.
- (4) This shipment may have consisted of jet planes packed in crates consigned to one of the two fighter regiments in Grossenhain. Flatcars are used for the transportation of crated aircraft.
- (5) These shipments are connected with the delivery of grain by the U.S.S.R. to the Soviet Zone of Germany. This grain import program has been under way since mid-January 1952. [REDACTED]. The grain is usually directed to Frankfurt/Oder and Fuerstenberg where it is transloaded to barges. Grain shuttle trains with [REDACTED] operate via Kuestrin.
- (6) This shipment definitely consisted of ammunition for [REDACTED] are used. [REDACTED]
- (7) Returning standard-gauge wheel sets which are used for the shipment of new railroad cars from the Soviet Zone of Germany to the Soviet rail transfer points.
- (8) Deliveries by Soviet Zone hydrogenation plants to the U.S.S.R. [REDACTED]
